WildLife Experience in a Malaria Free Environment  
**NORTH WEST PARKS BOARD**

The Board of Directors and all Staff Members of North West Parks Board wishes to show appreciation to

All the Field Rangers

As the world celebrates World Rangers Day under the theme “Ranger Wellbeing”

It is a known fact that the park rangers are always on the front line in the fight to protect our natural heritage and that each and everyone of you deserve to be honoured and celebrated to show appreciation and to support your vital work through any means and platforms available such as today “World Rangers Day” a day that seeks to pay tribute to rangers who have lost their lives in the line of duty and those who continue to soldier on.

Today we take this opportunity to pay tribute to NWPB Rangers who lost their lives on duty and to those remaining and continue to raise the torch.

It is through your passion, bravery and unwavering commitment that our reserves remain a safe haven for our wild life, visitors, fellow colleagues, partners and stakeholders.

Your passion and commitment for wild life and nature conservation has seen you through the scourge of poaching and the impact COVID-19.

“Bravery that can not be ignored”

May this day be a day that gives you courage and comfort that your role in protecting our heritage assets is appreciated and uploaded with pride that the Board will do everything in its power to ensure that your wellbeing is prioritised above any other.

We hope that your families and loved ones appreciate you as much as we do.

Happy World Rangers Day From All Of Us!!!!

Dr M. Masike

Chairperson for the board
